Providing real hair wigs for children suffering with hair loss

George's work closely with Little Princess Trust; an exceptional charity that provides real hair wigs for children who are suffering with hair loss. They had contacted George's Hairdressing Wig Consultant, Hollie Davies, who now shares her story of a brave young lady and her parents, who had a marvellous and unexpected request for a new wig.

When I'm given the information of a new 'Little Princess Trust' client I call the client or patient...

or in this case the parents, to discuss what it is I can help them with. The sort of information I need is what length, what colour and what style hair piece they would like! Usually then, I ask them to send me a picture through for me to colour match their hair colour or desired hair colour. Normally it's a picture of themselves before hair fall...I didn't expect to see a cartoon character!

When a 2 year old girl is about to lose her hair and is asked how she would like her new hair (wig) to look: to my wonder, she chose "like 'Bridget' from the new 'Trolls' movie!"

So obviously I replied and said "OMG! That's crazy, but of course I can do something similar to that." At first, it was certainly a surprise but I knew at the end of this there was going to be one very happy little girl!

I arranged to go into ward 27 at the Leicester Royal Infirmary to see Evie-Mae; there I cut her wig to her desired length with fringe. We had

a great time and she was so excited to see the next stage! So I rushed back to the salon to create this exciting colour!

With the help of my Colour Technician, we matched up the colours to the movie character and created our very own 'Bridget' inspired hair!

The final stage had arrived and Evie-Mae then visited our New Hair Room at George's Hairdressing, Allandale Road, to have her new hair fitted! She was so excited and amazed by her new hair and her parents were so happy to see how pleased she was!

I have helped so many different people with their new hair, and it is always a wonderful experience, though I do have to say, Evie-Mae was extra special. 🍌
